AUSTRALIAN VISITOR CENTRES APP

EXPLORE PACKAGE SALES PACK, 2023

ABOUT

Trusted visitor information that's always open!

Launched in early 2022, the Australian Visitor Centres App highlights the 400+ accredited visitor centre (AVIC) network, and presents over 100,000 travel points of interest nationwide*.

In a travel market crowded by disjointed visitor information, the Australian Visitor Centres App offers a convenient, one-stop-shop for trusted visitor information that covers all roadtrip and traveller needs.

The Australian Visitor Centres App is the first and only app to represent the entire AVIC

network.

*According to TripTech (2022) - Sourced from TripTech.com

FEATURES

The Australian Visitor Centres App is a perfect travel companion providing users with easy and quick access to valuable visitor information, regardless of how remote they are.

The interactive map (home screen) allows users to easily locate AVICs, and engage with their individual profiles to find out about the region, and the AVIC itself.

Furthermore, the app locates 100,000+ travel points of interest to ensure users are aware and informed in any travel situation.

Users can:

- Find, review and book accommodation, tours, experiences and activities
- Locate attractions, hidden gems, services, amenities and places to eat & drink
- Stay informed of local events, road warnings and visitor information via geo-zoned push notifications.

POINTS OF INTEREST

The app hosts the following POIs and more ...

	Ĩ			
Visitor Information Centres	Things To Do	Food, Drink & Dining	Public Toilet	Accommodation
		a	(
Wifi	Road Warnings	Dump Station	EV Charging Station	Petrol Station
		P		POLICE
АТМ	Campgrounds	Campground Parking	Groceries	Police Station
(
Hospital	Rubbish Bin/ Recycling	Public Showers	Laundromat	Playground
Water	LPG Bottle Swap/ Fill			

THE NEED

The app was born from an industry call to create a unified representation of the national AVIC network/brand, and in doing so, better connect drive tourists with AVICs.

In a digital age saturated with online travel information, the need for centralised and trusted information could not be more pressing.

The domestic drive tourism market comprises of over 127 million travellers, equating to 90% of the total tourism market in 2022.* A market worth investing in, the Visitor Centres App is designed to better service drive tourism experiences through easy access to trusted visitor information that is embedded with unique, local knowledge.

OUR USERS

Partnering with travel technology company, TripTech, the creators of Australia and New Zealand's No.1 roadtrip app*, CamperMate, provides the Visitor Centres App access to an extensive, established user market.

Some of the partnership benefits include:

Access 150,000 monthly active users

AVIC profiles available across TripTech suite of apps - 1.8 million downloads

Access to 100,000+ travel points of interest sourced from ATDW

Credibility - apart of a travel suite of apps including some of Australia's biggest tourism providers (THL, CamperMate, Jayco etc.)
